

Our website uses cookies. A cookie is a small file of letters and numbers that we put on your computer. These cookies allow us to distinguish you from other users of our website, which helps us to provide you with a good experience when you browse our website and also allows us to improve our site. The cookies we use are “analytical” cookies. They allow us to recognise and count the number of visitors and to see how visitors move around the site when they are using it. This helps us to improve the way our website works, for example by ensuring that users are finding what they are looking for easily.

We do use Google Analytics software to help us improve the usability of our website, the type of information gathered relates to the amount of time spent on the website and the pages visited. No personal information is held.
